BUDGET MESSAGE

Submitted for review of the Parker Sewer & Fire Subdistrict Board of Commission is the 2020 - 2021 Operating Budget and the 2020 Capital Improvement Plan. The budget document is the most important policy document of each year; with that in mind, the budget is prepared with extensive participation by the department heads.

The 2020 – 2021 Operating Budget increases the total Ad Valorem to 96.6, an increase of 7 mills. The base millage increased to 94.0. We project to start the 2020 - 2021 year with a fund balance of \$9,181,939, which is <u>above</u> the required carry over until January 2021 of \$6,780,200. Based on the proposed budget, we expect a 2020 – 2021 year end fund balance of \$9,181,939 which is \$1,302,321 above the required carryover.

The Commission has approved up to a 6% merit increase to be administered at the discretion of the department heads with input from the commissioners for the district employees. This increase includes a new pay scale for both Fire and Sewer to become more competitive with the other neighboring Districts, and not continually lose employees to those districts.

This year's proposed **budget expenditures are \$13,540,037** which is a 6.38% increase from last year's budget. The 2020–2021 **total revenues are projected at \$13,540,037** which is an overall increase of 7.39%.

SIGNIFICANT BUDGET ISSUES

The proposed budget includes the following request by department.

Administration – Medical Premiums are increasing \$610,669 or 30.7%. This increase is driven by both the fixed costs and claims exceeding anticipated activity for the year. The district has taken proactive steps to mitigate these increases by choosing another Broker. This saved us \$26,633 on Dental/Vision and Life. S.C Retirement for both SCRS and PORS are increasing a combined \$136,114 driven by State mandated 1% increase in Employer contribution amount, and the Merit increases mentioned above. The 1% increases to the retirement plans will continue every year until 2023. Health savings account matching increased \$9,460 due to anticipated increase number of employees switching to the HDHP plan. Auditor Fees increase \$6,000 due to increased OPEB analysis, and increased complexity of additional accounts. Awards and Recognition increases \$2,000 due to a vendor cost increases.

<u>Fire</u> – The headcount added last year requires increases in training, firefighting clothes and the amount of Physicals needed for the department. Computer Software and programing increased \$21,790 for 7 additional Mobile Data Terminals needed for apparatus and \$20,000 in Certifications and Inspections to establish Bunker Gear advanced inspection program required by NFPA.

<u>Wastewater Collections</u> – Increase in Professional Services costs \$11,500 for attorney costs associated with the ongoing efforts to consolidate the district into ReWa. This is offset by decreases in Telephone (cell) costs, Contract Services, computer software, and Building yard maintenance.

Fleet Maintenance - None

<u>Summary of Capital Programs Items and Capital Improvement Plan:</u>

The proposed Capital Programs in 2019 – 2020 are:

.....

Administration - HVAC unit	10,000.00
Fire-Command Vehicle	50,000.00
FD Brush Truck	89 000 00

 FD Brush Truck
 89,000.00

 80 sets of Bunker Gear
 200,000.00

Wastewater Collections

5% Equipment Purchases <u>47,146.00</u>

Fleet Maintenance - Truck 34,000.00

Conclusion

The preparation of this budget took the cooperation and assistance of all the department heads. This budget is considered a reliable financial plan for the 2020 – 2021 fiscal year. As always, every control will be used to assure expenditures will be within the guidelines. Prior to any major expenditure all options will be reviewed with the intent of reducing cost.

Respectfully submitted,

Parker District Department Heads

Chuck Naray Greg Farley Tremeir Johnson Mark Jacobs

<u>Administration Department – 51</u>

- **0511001 Medical**, Premiums increase is driven by both the fixed costs and claims exceeding anticipated activity for the year. The district has taken proactive steps to mitigate these increases by choosing another Broker.
- **O511003** South Carolina Retirement Cost for all eligible current employees participating in the S.C. Public Employee Benefit Authority (PEBA). Amounts are based on PEBA salaries and respective PEBA rates. Estimated annual cost increases for FY 2020-21 are: Employer contribution are increasing 1% a year for the next 4 years. This will contribute an additional \$180,000 in costs over the next 4 years.
- **0511009 Health Savings Account Matching** increased \$9,460 due to more employees anticipated moving to the HDHP plan.
- **0512003 Workers' Compensation Insurance** Funds for the purchase of insurance for potential on-the-job related injuries. For fiscal year 2020 2021 the Districts' experience modification factor has decreased from 1.07 to 1.01 which results in a 5.90% (\$16,000.00) decrease of premiums.
- **0515001** Financial Administrator/Department Head Salary increase reflects a COLA and maintain competitive salaries.
- **0515001** Financial Administrative Assistant Salary increase reflects a COLA and performance reviews.
- **0516300 0516530 Operating Expenses-** Each account was analyzed for appropriateness and minor adjustments were made to better reflect the needs of the department resulting in an increase of \$3,000 or 3.18%
- **0516502** Fees and Assessments increase \$1,000 due to increase in property taxes.
- **0516505** Awards and Recognition increase \$2,000 due to increase in vendor cost increases.

Fire Department – 52

0515005/0515006-Staff/Line Suppression:

Line/Staff personnel budget increased 7% from last year's budget to provide for competitive salaries which will help reduce the financial loss to the district caused by numerous employees leaving for better paying firefighter positions. Costs associated with onboarding a new firefighter is estimated at nearly \$18,000. PDFD had nine firefighters quit the department over the last trailing twelve months costing nearly \$162,000.00.

051600-0516400-Station Utilities:

Individual station utility accounts adjusted to actual consumption average. Station 51 has been identified as having high utility costs over the last twelve months. A plan has been developed to reach out to local utility companies to complete an energy survey to identify any problems or conditions that could be leading to these high costs. We will also seek energy saving recommendations and then create a plan to cut costs.

0516508-Computer Software & Prog:

Increase due to need for seven additional Mobile Data Terminals (MDT's) for apparatus. Critical equipment to link apparatus to the local CAD system that all area fire departments are moving to. Upgrade of existing outdated IT system for the department.

0516511-Physical & Fitness:

Covers required annual Occupation Health Physicals for all personnel. Maintains physical fitness program for the department that could possibly help save the district healthcare insurance costs.

0516514-Employee Training:

Increase due to adding professional development program for the department and creating established Emergency Medical Services (EMS) training program. Both items critical to enhance departments overall capability

0516515-Fire Prevention/Safety:

Increase due to continued successful Fire Prevention Program in the community. Thousands of children were educated, hundreds of smoke alarms were installed in Parker District because of this program. Best form of reducing emergency responses is by education.

0516516-Fire Fighting Clothes:

Increase due to normal replacement of Personal Protective Equipment (PPE) due to item age and wear and tear. Establishment of PPE replacement program that allows/plans for 20-25% replacement of PPE annually will help level out costs. Structural firefighting gloves, work gloves and flash hoods are all PPE that normally have a life expectancy of about one year due to amount of use.

0516517-Uniforms:

Increase due to higher costs for some items and increased number of firefighters in dept.

0516518-Equipment Fire/Shop/Safety:

Costs maintained at current levels. Upgrading of nozzles and hose to continue. Continuing to seek funding for this line item through grants and donations.

0516519-Radio Maintenance/Equipment:

Increase due to requirement to buy additional 800 MHz mobile and portable radios that will comply with Greenville County's switch over to the statewide Palmetto 800 system. This is in compliance with Federal government's directive to upgrade radio systems to digital capability.

0516523-SCBA Maintenance:

SCBA are out of warranty. Maintenance including labor and parts are now district liability. Grant request was completed in 2020 seeking funding to cover replacement of all SCBA. (approx. \$400k)

0516525-Certifications/Inspections:

Increase due to establishment of Bunker gear advanced inspection program that is required by National Fire Protection Program (NFPA). Department will be in compliance by sending off gear to an Independent third-party company (ISP) to complete cleaning, inspection and any needed repairs. Company also is approved warranty provider who can complete warranty work at no cost to dept.

0550006-Capital Program:

Purchase request of \$200k to provide a second set of structural firefighting ensembles for all firefighters. This will enable personnel a clean set of PPE while the other set is decontaminated. This industry best practice greatly reduces firefighter's exposure to cancer causing agents.

Purchase command staff vehicle and two ¾ ton pick-ups to be used as support vehicles. Support vehicles will be replacing current vehicles that are 2004 and 2008 model years.

<u>Fleet Maintenance – 54</u>

0515011-0515013 Chief Mechanic/Department Head - Salary increase to provide for competitive salaries which will help reduce the financial loss to the district caused by numerous employees leaving for better paying positions elsewhere.

0516000-0516532 - Each account was analyzed for appropriateness and minor adjustments were made to better reflect the needs of the department resulting in a decrease of \$9,750 or 2.20%

Capital Purchase – Replace 2005 Vehicle with high miles and is no longer reliable to drive

General Line Item Descriptions

The following line item descriptions apply to all applicable departments:

- 0511001 Health Insurance Program - Medical, dental prescription drugs, and vision insurance for current and retired employees. 0511002 Life Insurance Program – Payments to Mutual of Omaha and Modern Woodmen for employee life insurance policies 0511003 South Carolina Retirement – Cost for all eligible current employees participating in the S.C. Public Employee Benefit Authority (PEBA). FICA - District's share of Federally-mandated Medicare Insurance contribution and Social Security 0511004 contribution. Based on percentage of salaries and other earnings of employees, 1.45% and 6.20% respectively. 0511005 Unemployment Insurance – District's cost of South Carolina unemployment insurance, 0512001 Buildings & Grounds Insurance - Funds for the purchase of insurance for potential damage to District owned structures. 0512003 Workers' Compensation Insurance – Funds for the purchase of insurance for potential on-the-job related injuries. 0512004 Auto Liability Insurance – Funds for the purchase of insurance for potential claims of liability. 0512005 Comp/Collision -Funds for the purchase of insurance for potential damage of District owned vehicles and related structures due to an accident. 0512006 Inland Marine – Equipment - Funds for the purchase of insurance for potential loss of District owned equipment. 0512010 Tort Insurance – Funds for the purchase of insurance for potential liability claims against the District. 0512012 Data Processing Insurance – Funds for the purchase of insurance for potential loss of the electronic data processing (EDP) equipment (computers), computer programs, and data. 0514002 Per Diem/Mileage Expense - Elected commissioner meeting per diem and mileage reimbursement. 0514003 Commission / GCSPD – For Greenville County Special Purpose District dues. Salaries – Salaries and wages for current District employees. 0515000 0516000 Electricity – For electrical costs.
- 0516200 Water & Wastewater For water and sewage usage.
- 0516300 Telephone – Funds for telephones and cell phone services.
- Natural Gas For heating and hot water costs. 0516400
- 21 0516500 Service Contracts - Funds for service contracts for the Districts.
 - 0516501 Data Periodicals/advertising – For current subscriptions to professional periodicals and printed notices for public.

0516502	Fee/Assessments – For annual stormwater assessments and District's banking services.
0516503	Cleaning/Station Supplies - Funds for maintaining
0516504	General Office Supplies – Fund for general offices supplies and expenses
0516505	Awards/Recognition - Funds for recognition, annual dinner
0516506	Newspaper ads/Notices – Funds for mandated public notices of District meetings
0516507	Office Equipment - Funds for purchase of office equipment
0516508	Computer Software & Programs - Funds for annual hardware and/or software maintenance
0516509	Records Retention/Equipment - Funds to provide for record upkeep and storage
0516510	Flowers/Memorials – Funds to honor employees and their families at the time of death
0516511	Physical & Fitness – For medical examinations and employee fitness programs
0516514	Employee Training – Funds for professional development and mandatory job-related training.
0516517	Uniforms – Funds for purchase of staff uniforms, boots, workwear, and rental
0516518	Equipment – Fire/Shop/Safety – Funds for the purchase of equipment, tools, and safety supplies
0516520	Equipment Rental – Funds for the rental of various pieces of equipment as requested by department
0516522	Maintenance Materials – Funds for the tools and supplies needed to repair and maintain District equipment
0516524	Special Supplies – Funds to purchase supplies of a specific need
0516525	Certifications/Inspections – Application for or renewal of required certifications and inspections for the District
0516527	Deductible Damages – Funds covering damages incurred by District-owned equipment and machinery
0516528	Professional Services – Funds for subcontracted services commissioned by the District
0516530	Building/Yard Maintenance – Funds for the care and preservation of District buildings and land
0516531	Equipment Maintenance – Funds for routine maintenance by department on various pieces of specialized District-owned equipment
0516532	Shop supplies – Tools, supplies and equipment as regularly used by the shop
0516533	Arson K-9 – Funds for the care of the District's arson dog by the way of food, treats, etc.
0521000	Gasoline & Diesel – For the purchase of gasoline and diesel fuel
0522003	Vehicle Maintenance – Funds for routine cosmetic maintenance not cover by Fleet Maintenance for District-owned vehicles
0522004	Parts Purchased – Funds for the purchase of parts needed for the use of District machinery,

Capital Improvement	
Plan	25

In 2015, the Parker Sewer and Fire Sub-District ("District") began developing a ten (10) year Capital Improvement Plan (CIP) that was finalized and approved in 2016. The development of this CIP was driven by the need to expedite planned rehabilitation activities for the District's Waste Water Collection System ("WWCS"). In 2005, the District developed and approved a comprehensive Work Plan that outlined a 15-year program to bring the District's WWCS into regulatory compliance. In 2015, an internal audit of the Rehabilitation Program was conducted, and it was determined that significant equipment acquisitions would be necessary to complete the Rehabilitation Program by the 2020 deadline. In addition, it was determined that it would be necessary to sub-contract significant portions of this project to outside firms and that long-term capital funding would be necessary. In 2020, the District was granted a two year extension of the Intergovernmental Agreement with Renewable Water Resources ("ReWa").

Financial and engineering consultants for the District analyzed alternative funding sources, including the State Revolving Loan Fund, USDA loans, the State Rural Infrastructure Bank, lease-purchase financing, grants, and the issuance of tax-exempt municipal revenue bonds ("Revenue Bonds"). The District adopted a diversified financing plan that included pay-as-you-go ("PAYGO"), lease-purchase financing, and the issuance of Revenue Bonds. Equipment has been acquired utilizing lease-purchase financing, while the engineering, design and construction activities are being financed through a combination of PAYGO and Revenue Bonds.

Lease-purchase financing is secured by an annual appropriation covenant to budget and appropriate the lease payments, which are, payable from any available source of System Revenues. Revenue Bonds are secured by the District's Rehabilitation Fee (implemented in 2007, and amended in 2009 and 2017) and the Sewer Capital Fee (implemented in 2019). The District has issued \$8.56 million Sewer System Revenue Bonds, Series 2017 and \$8.125 million Sewer System Revenue Bonds Series 2019, both issues with a 30 year maturity.

Since 2017, a working group including District staff and engineering, financing and legal consultants meet annually to review the CIP to re-prioritize projects, as necessary, and modify scheduling according to prioritization. Coincident to review and updates of the CIP as part of the annual budget process, the CIP provides a ten-year capital forecast, currently from FY21 to FY30. It is anticipated that approximately \$8.4 million Sewer System Revenue Bonds Series 2022 will be required to continue the funding for the rehabilitation and capital program. Various funding sources are under consideration for major sewer rehabilitation projects from FY24/25 forward.

Details of the revised draft CIP are presented on the next page, including planned equipment acquisitions and rehabilitation projects, projected costs, and proposed funding source(s).
